

i.lab Incubator Pty Ltd

BIOGRAPHICAL NOTE

ANNE-MARIE BIRKILL CHIEF EXECUTIVE OFFICER I.LAB INCUBATOR PTY LTD

Anne-Marie Birkill joined the i.lab technology incubator at Toowong as Chief Executive Officer in January 2005. i.lab provides a complete incubation product, including serviced office and laboratory space, skills development programs, mentoring and support services to 29 early stage, technology based companies across all sectors.

Anne-Marie has more than 20 years experience in the commercialisation of new technologies, in both the private and public sectors, spanning a wide range of disciplines but with particular focus in the field of plant biotechnology. Her previous roles have included General Manager of Pisces Enterprises Pty Ltd, a private sector plant production facility; Product Development Coordinator with Forbio Research, part of the publicly listed Forbio forestry biotechnology group; General Manager-Operations then Manager-Corporate Development with UniQuest Pty Ltd, the University of Queensland's award winning technology commercialisation company and partner in a boutique technology commercialisation consulting firm. Anne-Marie has lectured and tutored into TAFE, university and private sector programs including as founding facilitator for the AIC's Research Commercialisation Bootcamp™ product.

Anne-Marie holds a BSc(Hons) from the Flinders University and an MBA from UQ.
